FY 2023-2024 BUDGET EXECUTIVE SUMMARY

BACKGROUND

At First 5 Fresno County (F5FC) we are committed to honoring and supporting families throughout our county. We envision a future where all children and their families are healthy, loved, and nurtured. By the age of five, 90% of a child's brain is developed. Rooted in this fact, California voters passed Proposition 10, the California Children and Families Act, in 1998. As a result, a 50-cent tax on all tobacco products was established 'to facilitate the creation and implementation of an integrated, comprehensive, and collaborative system of information and services to enhance optimal early childhood development.' Proposition 10 funds are distributed to California counties based on the county's birthrate.

Legislation Impact on Proposition 10 – We advocate for, and expect, a healthy California and the complicated connection between tobacco consumption and our main form of revenue exists. Over time, Proposition 10 revenue has declined as legislation has been enacted to deter people from smoking. This has included additional taxes on tobacco products and electronic cigarettes which raise the costs of products for consumers, the increase to the legal smoking age in California to 21 years old, and, most recently, a ban on the sales of flavored tobacco.

In November 2022, California voters made the ban on flavored tobacco (Prop 31) official, causing the sale of any tobacco product containing flavor illegal in the state. With the passage of Prop 31, First 5s throughout the state have seen a decrease in funding and continue to watch what the reduction in sales of tobacco products will look like on Proposition 10 revenue. At the publishing of this budget, the effect has been an 11% decline compared to the prior fiscal year, year to date. Estimates from the state anticipate an eight percent decrease. First 5 Fresno County has chosen to account for a 15% decrease in FY 2023-24 as there is not enough data to be sure of the effects of Proposition 31.

FY 2023-2024 BUDGET

The Commission recognizes that the needs of Fresno County's 78,000 children under age five surpass existing private and public funding required to support them. First 5 Fresno County has and continues to secure other revenue sources as we prioritize leveraging dollars and efforts for the important work for families' strong start. In order to adjust to our fiscal reality, we remain committed to being efficient, strategic, and effective in carrying out our mission.

The development of the FY 2023-2024 Budget focused on honoring our commitment to the 2020 – 2025 Strategic Plan which was drawn up by our time with the community where we learned about the key challenges facing families with young children. Since then, our efforts have been focused on addressing the needs we heard.

As our community and our Community-Based Organizations are still feeling the effects of the economic wake the COVID-19 pandemic brought on, this budget demonstrates our continued focus on supporting the early childhood system of care in Fresno County in innovative ways to support young children and their families while keeping long-term sustainability in mind. We invite our community to envision new ways of addressing the needs of children and families – and creating the early childhood system of care of the future, today.

The budget document details the strategies for our investment and complements the 2020 - 2025 Strategic Plan. For details on the agency's vision, mission and more, refer to the full Plan on our website www.first5fresno.org.

Strategic Plan Investments	
Help Me Grow Fresno County	
<p>Help Me Grow Fresno County is a nationally utilized model of doing collaborative work for young children that promotes collaboration across sectors to build a more efficient and effective system for young children and their families. Locally, it is called Help Me Grow Fresno County (HMGFC). This is the over-arching investment that binds all our work together and this investment area can also be referred to as the early childhood system of care. Acting as convener and connector, the Commission brings the community and stakeholders together in support of changing the way our systems work for better outcomes for our children. A successful approach to addressing the key challenges facing Fresno County families requires systemic change. The amount allocated is for the future of this investment to continue to build on the early childhood system of care work that is already taking place. Recent developments have included conversations regionally with surrounding First 5s to explore a regional approach to the Help Me Grow Model. With this exciting potential to create a more seamless system to connect young-child-facing services and those providing services, the Commission has set aside funds to invest in the future of this model beyond just a local iteration of the model.</p>	
Help Me Grow Fresno County	<u>\$350,000</u>
Thriving Families Service Programs	
<p>This long-standing area of investment is a compilation of community- based partnerships that provide direct support to families across the county. Under this area, contracts with local Community-Based Organizations and grassroots entities, the Commission remains committed to funding a navigable, effective, and culturally responsive network of direct services to fill gaps in the early childhood system of care. In May 2023, the Commission awarded 20 organizations* contracts which were the results of the Thriving Families RFP. The funds for those contracts were committed from the prior budget in order to secure multi-year funding for these partners, a best practice in grant making. <i>*The variance, in the Budget Summary, compared to the prior year is due to dollars being earmarked for three-year contract amounts for the 20 awarded organizations under this Strategic Plan Focus area.</i></p> <p>This portion of the budget also includes dollars set aside for things like funded partner training costs (\$7,500), collaborative meeting expenses (\$4,500) and translation services (\$5,000), a small amount to allow for community storytelling from families, what we call Community Scientists, (\$10,000), and funds to purchase Ages & Stages Questionnaires (ASQ) kits for funded partners and potential ASQ trainings. This area is also where development of programs, that align with the Commission's Strategic Plan, would originate.</p>

Community Learning Center

The Lighthouse for Children Community Learning Center (CLC) is a network of community partners working together to provide classes and workshops that encourage and foster healthy relationships between young children and their caregivers all while increasing early literacy, language, and school readiness skills. Along with family services, the CLC supports professionals working with young children. In June 2022, via a Request for Proposals, Fresno Economic Opportunities Commission became the CLC Operator. They are tasked with coordinating use of space and the local agencies who provide services to families with young children. This section of the budget contains the 0.3 FTE for a First 5 Fresno staff who is the liaison for the CLC Operator contract along with the overhead and operating costs (phones, internet, utilities, program supplies, etc.) of the CLC space and the other partner space at the Lighthouse for Children.

Patient-Centered Prenatal Care

Resources are allocated for the group prenatal care project which is leveraging a four-year \$5.6 million grant awarded to University of California, San Francisco's Preterm Birth Initiative-California (UCSF-PTBi) from the Patient-Centered Outcomes Research Institute (PCORI). The grant's intent is to research an enhanced prenatal care model (group prenatal care named Glow!) compared to traditional prenatal care in the Central Valley. This project is called the EMBRACE Study. As one of three findings from the African American Infant Mortality Needs Assessment (2016), the Glow! group prenatal care project was piloted from 2017 to 2020 via a grant from UCSF to focus on maternal wellness and support for women in Fresno County. In this current form, Glow! includes partnerships with three Community-Based Organizations (Reading & Beyond, West Fresno Family Resource Center, & Fresno EOC) to act as Glow! satellite sites (known as the Glow! Contracted Network) for the EMBRACE Study. The Commission sees this Study as a win for Fresno County and the region. The Study follows a sampling of pregnant people, half enrolled in Glow! group prenatal care and half enrolled in traditional care. The Commission has committed to contracts with the Contracted Network via prior budgets. These funds are to maintain the Network with its proper trainings, and expansion efforts as outlined below.

Glow! Facilitation Sub-Contracts	Glow! Contracted Network Contracts	\$100,000
	Glow! Future Expansion Post EMBRACE Study	\$50,000

African American Infant Mortality Prevention

The Commission remains committed to working with the community and its professionals to tackle the high rates of infant mortality among Fresno's African American community. Embracing our unique role as a county-wide convener and coordinator in the early childhood system, the Commission will continue to explore innovative and collaborative ways to address societal issues that contribute to infant mortality through investment and partnerships. Combined with portions of some investments listed above including direct service contracts and Patient-Centered Prenatal Care, it is the Commission's goal to dedicate approximately 25% of its total program investments to African American infant mortality prevention work. Some innovative projects include a valley-wide safe sleep media campaign, organizational capacity building to support those serving Fresno's African American 0-5 population, and the local development of the Black Child Legacy Campaign, a community-driven movement working to reduce deaths of African American children. There is potential within this portion of the budget to support innovative pilot efforts and community-driven grant making to reduce African American infant mortality and preterm birth. This portion of the budget also includes 0.3 FTE of F5FC staff.

QRIS - Local High Quality Training & Technical Assistance

The Commission's investments like the Quality Rating and Improvement System (QRIS) leverages dollars received from First 5 California's IMPACT project to increase technical assistance and training opportunities for early childhood providers throughout the county. This portion of the budget sets aside funds for a contract extension, to not have a gap in services, as the First 5 California procurement unfolds. Staff will work with partners and evaluate how the Commission's funds (\$905k in this budget) can continue to complement First 5 California's investment in improving the quality of childcare in the county. This portion of the budget also includes the overhead expense (\$208k) for the LFC Child Development Center, a high-quality demonstration childcare site that stands as a model for center-based childcare. The Office of the Fresno County Superintendent of Schools Early Care and Education Department operates the space that the Commission provides.

Additionally, this section includes funds (\$150k) for the possibility of supporting organizations with LFC-like childcare scholarships, along with funds set aside (\$500,000) for the Commission to potentially explore supporting the childcare infrastructure in Fresno County. This could take shape possibly through convening partners to collaborate on policy, incentivizing more providers to provide care, supplementing high quality care costs for families, or possibly a joint local measure, etc.
